Preschool Program

The Ludlow Community Center/Randall Boys & Girls Club is a full day preschool program designed for parents seeking a safe, healthy and educational environment for their child. The environment will meet the needs and provide the support for each individual child to accomplish the developmental tasks of early childhood. The program is licensed by the Department of Early Education and Care (Program# 291019)

Program Goals & Objectives

- To provide children with the opportunity to participate in a developmentally appropriate quality program that fosters physical, social, cognitive and emotional development to support the children's learning needs.
- To provide children with educational activities that support exploration, imagination, creativity that promotes school readiness.
- To maintain a healthy, safe and educational learning environment for the children and families in the program.
- To encourage and foster an awareness of the rights of others as well as understanding individual differences.

LUDLOW COMMUNITY CENTER RANDALL BOYS & GIRLS CLUB

Teachers

Our Lead teachers hold either an associates degree or bachelors degree and are Lead teacher certified by the Dept. of Early Education and Care. The child to teacher ratio is 10:1.

The teachers are nurturing, inclusive, and creative.

The teachers engage in ongoing communication with the parents because they are considered the child's first teacher. This parent/teacher partnership is vital in developing the whole child while providing for an enriching and successful preschool experience.

Fees & Hours

The program operates Monday thru Friday
8:00 AM - 4:00 PM

Weekly Rate Per Child

M-F (5)	M-W-F (3)	T-TH (2)
\$210.00	\$145.00	\$105.00

We Accept EEC Vouchers

Curriculum

The goal of our curriculum; the Creative Curriculum, is to help children become independent, self confident, inquisitive and enthusiastic learners by actively exploring their environment. The curriculum identifies goals in all areas of development; social/ emotional, cognitive, physical language, literacy, mathematics, science and technology, social studies and the arts. Children learn through creative and active teaching strategies. The Creative Curriculum gets beyond rote counting and learning and focuses on big ideas, interesting projects and individual children's passions and needs.

Assessment

Teaching Strategies Gold is an authentic, observational assessment system for children from birth through kindergarten. It is designed to help teachers to get to know children well-what they know and can do, and their strengths, needs and interests. With this information, teachers can guide children's learning by planning engaging experiences that are responsive to individual and group needs.

Environment

Our classrooms are large and bright and Welcoming. Each classroom has a variety of centers for children to explore and expand their learning experiences and skills. A daily schedule is followed to provide children with a consistency and balance of activities to promote educational growth. Throughout the day children are engaged in a variety of learning experiences, including individual, small and large group activities.

There is a lots of out door space including a large playground, open fields, walking trails a splash pad and mud kitchen. There are opportunities for gardening, as well as access to bikes and outdoor toys. There is also a large gym for indoor play.
